Nov 14, 2018 Cadwork v18.7, u3 8757 19.0.2Always, until this point, that's what it had been, this progress. His victories in war had been due to luck and bravery, never merit. His investigations in science had not been for the advantage of mankind but for that of a solitary individual. Every time he had examined nature, to get a better understanding of her, it had been for the sake of knowledge, not because he had hoped to use it for the good of mankind. And yet, as he looked around this den, with its stalactites, its dust, its dirt and grime, everything burnt by the smoke of the fires and the oils of the torches, he could not but feel a strange satisfaction at being in a place so like the one in which he'd uncovered so many mysteries, so many enigmas. Here there were secrets that only gods could know, and yet here he was, doing what he'd always done
