Folder Lock 7.9.0 Crack With Activation Key [2020] Folder Lock is a simple software that lets you secure your folder and files with two locks that you can set to a password or a simple pattern. The application automatically creates an encrypted folder when a user unclicks the Folder Lock application. It also supports an encrypted encryption key that encrypts the data in a particular folder. With the application, you can protect your data using a password, a pattern, a combination of multiple types of locks, or an encryption key.
