(SP2.Finally! After many, many years of waiting, Roland has finally added a few more parts to its entry-level V-Piano line. With its Chord-Around-the-Keyboard feature, it makes practicing easy -- whenever you want. And that means you can practice anywhere. Try the Chord-Around-the-Keyboard mode in the piano classroom; use it during exams and performances; take advantage of the compact pack-ins; and even use it when you're in your car! Note: it must be plugged into mains power -- sold separately in the Roland V-Piano Head unit. Custom Colors, Materials and Finishes Since the mid-1990s, Roland has worked to increase the diversity of

---

our product line. Now, we've taken it one step further: you can customize the colors and finishes of your Roland V-Piano. The Custom Colors feature gives you the freedom to choose from a variety of bright, vibrant colors such as yellow, sky blue, red, green and more. In addition, there are 16 beautiful wood finishes available, from black to semi-gloss and cherry to oak. You can choose them from the drop-down menus on the Roland V-Piano's main screen.

**Upgraded Sound Paths** The new Roland V-Piano's sound path has been upgraded to improve the responsiveness of the sound during performance. The front lid is spring-loaded, letting you easily adjust the tilt, and there's an improved sound reinforcement speaker which has a wide frequency response. The large radiator cooling fan has been improved too, working faster than ever. Note: This V-Piano must be purchased with the Roland MIDI Unit,
